CLASS - UKG

SUBJECT: LITERACY - 1

LEARNING OUTCOMES

1. *Listening and Speaking:* Children should be able to listen and respond to simple instructions, questions, and statements in English. They should also be able to express their basic needs, feelings, and ideas in simple sentences and phrases.
2. *Vocabulary:* Children should be exposed to a variety of English words related to their immediate environment, such as colors, shapes, animals, plants, body parts, and everyday objects. They should also learn some basic English expressions and greetings.
3. *Phonics:* Children should be introduced to the sounds of English letters and how they are represented by written symbols. They should also practice simple phonetic exercises to improve their pronunciation and decoding skills.
4. *Reading:* Children should be encouraged to develop an interest in reading English books, stories, and rhymes. They should also learn to recognize some basic sight words and simple sentence structures.
5. *Writing:* Children should be given opportunities to practice writing their names, letters and simple words in English using pencils, crayons or digital devices. They should also learn some basic punctuation and capitalization rules.
6. *Culture and Context:* Children should be introduced to some cultural aspects of English-speaking countries, such as holidays, traditions and foods. They should also learn to appreciate and respect diversity and inclusiveness in their own and other cultures.

SUBJECT: NUMERACY

LEARNING OUTCOMES

- Recognize and name numbers 1 to 100.
- Count objects up to 20 and understand that the last number counted represents the quantity.
- Sort objects by size, shape, color, etc.
- Recognize and continue simple patterns (e.g. ABAB, AABB, ABB, etc.)
- Identify and describe basic 2D shapes (e.g. circle, square & triangle).
- Develop an understanding of positional concepts, such as up/down, inside/outside, above/below, etc.(patterns)
- Compare and order objects by size and length.
- Begin to understand basic addition and subtraction concepts (e.g. combining sets, taking away).
- Use everyday language to describe and compare quantities (e.g. “more than”, “less than”, “equal to”).
- Use concrete objects, visual aids to solve simple problems and puzzles.
