HOLIDAYS HOMEWORK

SESSION 2024 – 2025

CLASS - V

SUMMER

Dear Parent & Student

Warm Greetings!!

Summer vacation is around the corner, bringing with itself a much-needed respite from hectic school days. We hope that you will thoroughly enjoy the vacations and make the most of this summer. While it is indeed important that you relax and refresh yourselves, it is also important that you exercise your minds.

Keeping this in mind, we have designed various exciting activities/projects to keep the students engaged and active during the summer vacation. These fun projects/assignments would enhance learning skills, help understand concepts better, and make for a great crash course aimed at improving academic output. These activities will not only help you to revise what was taught, but will also enrich your knowledge. These projects will be assessed as Subject Enrichment Activity. We encourage parents to motivate and support the students to ensure the given work is completed in time, to the best of their ability. Your support and encouragement both have a huge impact on your child's learning ability.

The Holiday Home Work is to be done neatly with relevance to the questions asked and to be submitted to the subject teachers within a week of reopening of the school **i.e. 10th July 2024. Homework submitted late will invite negative marking. It is important that deadlines are met.**

Wishing you a fun filled, safe summer vacation!!

ENGLISH

Our school is our second home. We must keep it neat and clean. Write and draw any 10 rules that you must follow to keep your school clean and hygienic.

HINDI

आधुनिक समय में लोग गर्मियों में रेफ्रिजरेटर के ठंडे पानी का प्रयोग करते हैं और पुराने जमाने में लोग मिट्टी के घड़े का प्रयोग पानी पीने के लिए करते थे। मिट्टी के घड़े के जल कोई 8 विशेषतायें लिखें व सुंदर सा चित्र वर्णन भी करें।

PUNJABI

ਪੰਜਾਬੀ ਅਖਬਾਰ ਵਿਚੋਂ ਕੋਈ ਪੰਜ ਖਬਰਾਂ ਦੀ ਕਟਿੰਗ ਚਿਪਕਾ ਕੇ ਉਸ ਵਿਚ ਆਏ ਨਾਂਵਾਂ ਨੂੰ ਲਿਖੇ ਅਤੇ ਉਹਨਾਂ ਦੀਆਂ ਕਿਸਮਾਂ ਵੀ ਲਿਖੋ।

MATHS

With the help of matchsticks/ice-cream sticks draw different types of angles and mark angles with different colours - more than right angle, less than right angle and right angle.

WAU

Energy conservation can be as simple as turning of lights or appliance. When you do not need, those small changes to how we use energy such as turning down the heat on the state in the winter and using the air-conditioner less in the summer can potentially have a huge impact on lowering your utility expenses.

Write the small steps (any 20) that you can take each day to conserve energy at home. Draw/Paste pictures wisely.

NOTE:

1. The Holidays Homework is to be done on the assignment sheets. It must be well labeled and deposited in the transparent folder/ stick file to the concerned subject teacher {TITLE PAGE must include Name, Class, Roll NO., Subject and Submitted To}.

2. Revise the syllabus done in the class till date.
